TECHNICAL SKILLSET

Programming Languages

- HTML 5
- CSS 3, Sass
- JavaScript
- React
- Python

Frameworks & Libraries

- Bootstrap, Materialize
- Jinja
- Flask
- Django
- jQuery

Databases

- MongoDB
- MySQL
- PostgreSQL

Tools & Platforms

- Git, Gitpod, GitHub
- VS Code, Replit
- Heroku
- Amazon AWS
- Chrome DevTools
- Balsamiq, Figma
- Adobe XD
- dbdiagram

SOFT SKILLS

- Communication
- Attention to detail
- Problem Solving
- Teamwork
- Self-Motivated

COURSES & CERTIFICATES

2019

- Adobe Illustrator
- Adobe Photoshop
- Adobe InDesign, iStockphoto, eLearning

INTERESTS & HOBBIES

- Computers, Yoga, Motorbikes, Hiking, Travelling
- Participating in Hackathons:
1st Place - Mindful Timer in Code Institute and Trust in SODA's collaborative Well-being and Mindfulness Hackathon in January 2022
Command Girls – in Code Institute Women in Tech Hackathon

EXECUTIVE SUMMARY

Junior Web Developer recently graduated from Code Institute as a Full Stack Web Developer, with a background in technical engineering and completed a postgraduate diploma in teaching computer science. I create scalable web applications and work across full-stack development, with a passion for front end and UX design. My key languages are HTML, CSS, Java Script, Python and Django. I have recently begun learning React.
